C.E.O GREETINGS

Korean economic market is led by the government in the past. However, we have been required to evolve and adapt to rapidly changing world ourselves. Most companies have begun restructuring and improvement to their structure to develop their company to next level. This International Environmental change led us to spend some time to look back on ourselves but we will never lose our confidence in whatever we do.

We have focused on self-confidence, analytical technologies and incredible drive which made us commit ourselves to handle Industrial Machinery, Pharmacy, and Milling, Feed mill Plant. Especially, we are being recognized in feed mill plant industry by manufacturing whole plant construction. In addition, we have expanded our business to Construction of Building, Storage Oil & Water Tank Terminal Facilities, Petrochemistry, Steel Mill, and Powerplant Facilities and its equipment to be Global Best Company based on the experience and trust accumulated until now.

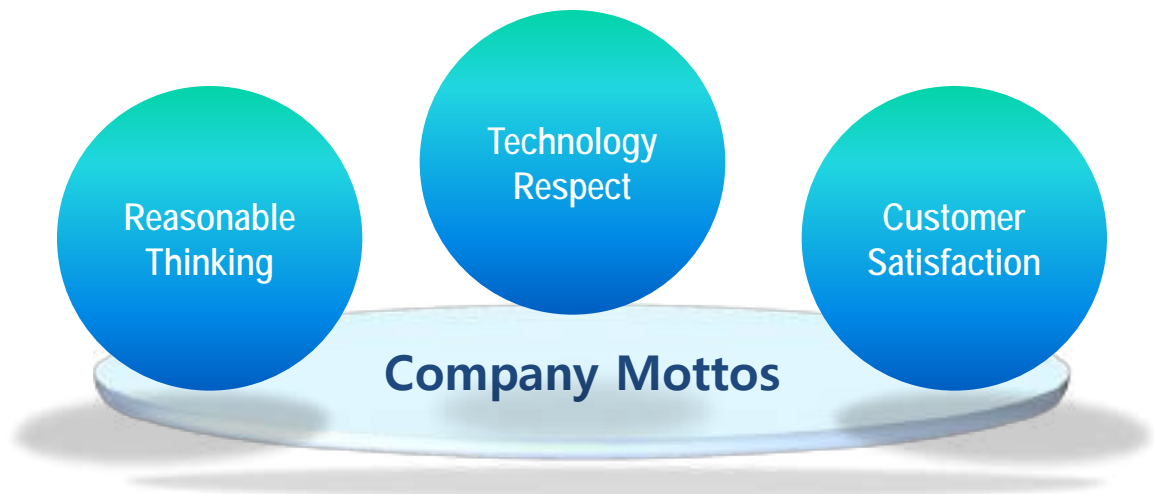

Therefore, HYESUNG Machinery Co., Ltd will concentrate on satisfying our clients and fulfilling their needs effectively with the experience and trust. We promise to do our best for your company as always.

Yang-Kyun, Park
President

MANAGEMENT PHILOSOPHY
